The quote below is AI-suggested and requires Hayden Smith's review and approval before distribution.

FOR IMMEDIATE RELEASE

New York, NY - 2026-07-16

Signal Proxy Intelligence Recommends **Full Support** for All Nine Items at RARE ELEMENT RESOURCES LTD. Annual Meeting

Independent research firm publishes item-by-item recommendations on all nine ballot measures within 3 days of the company's proxy filing. (Exceeds SPI's standing 48-hour / T+2 commitment; the time stated above is the actual elapsed time to publication.)

NEW YORK, NY - Signal Proxy Intelligence, the independent proxy research division of Signal Law Group, today published its recommendations for the Aug. 26, 2026 annual meeting of RARE ELEMENT RESOURCES LTD.. SPI issued a recommendation on each of the nine items on the ballot, published 3 days after the company's definitive proxy statement was accepted on EDGAR.

Reviewing the ballot from the perspective of the common shareholder and using publicly available information only, SPI assigned the meeting a concern band of Routine. The firm recommends FOR on the advisory vote on executive compensation, citing that filing states the board considered prior shareholder support in making compensation decisions.

"This ballot presented no divergences from the board's recommendations. Each item was assessed under our published framework, and the full rationale for every recommendation is documented in the report."

Hayden Smith, Head of Proxy Research

On the election of directors, SPI recommends FOR all seven director nominees.

SPI will publish a separate post-meeting divergence report comparing its recommendations to those of the incumbent proxy advisors after the meeting results are available.

The complete item-by-item analysis, including the rationale for each recommendation, is available at <https://www.signallawgroup.com/proxies/rare-element-resources-ltd-2026-08-26/>.
